Identity verification is foundational to the Security Administration's (TSA) risk-based transportation security by verifying each traveler at the appropriate level of risk-based screening. This process enhances security effectiveness and improves efficiency, while creating an enhanced travel experience and strengthening privacy.

TSA introduced facial recognition technology into the screening process at select airports. The technology represents a significant security enhancement and improves traveler convenience. A travel

Alert Summary

The United Nations is one of the greatest threats to U.S. national sovereignty and the God-given freedoms of Americans. It is imperative that Congress enact H.R. 6645 and S. 3428, the Disengaging Entirely from the United Nations Debacle (DEFUND) Act, to fully withdraw the United States from the UN and all its associated entities.

Contact your U.S. Representative and Senators

Please help enact the DEFUND Act (H.R. 6645 & S. 3428) by contacting your U.S. representative and senators. Inform them of the many reasons why the United Nations threatens American sovereignty and individual freedom and urge them to *Get US Out!* of the UN.

ALL STATES ACTION ALERTS

Below is a list of legislative action alerts that apply to all states. Each alert includes a pre-written message that you can email to your representatives.

When you use the widget it will identify exactly who the alert needs to be sent to, based on your home address. Since personal visits, video, and phone calls are the most effective way to influence your state legislators, please follow up with a visit, call, or video message.

Our Legislative Alert widget will provide a few talking points when creating a video or calling your lawmakers. Once you are all done, share this page with others in order to create greater pressure on legislature to do the right thing.

Select a state on the map below to see alerts for that state.

Surrendering Sovereignty for "Peace"

Following the horrific devastation of World War II, Americans were open to new ideas in the hope that it would prevent another world war and bring world peace. Foisted on them by the Deep State was the idea for the United Nations. The United States enlisted as a founding member of the United Nations when the U.S. Senate approved the UN Charter on July 28, 1945. After only six days of formal deliberation, the Senate voted 89 to 2 in favor of joining the world body. The

On the Brink of Becoming a World Government

United Nations is growing by leaps and bounds in terms of size and scope of those who claim it's becoming a global government are ridiculed. Who's right?

F. Jasper

In 2009, Lord Christon, former science adviser to the British Prime Minister, delivered a scathing critique of the United Nations in St. Petersburg, Russia, during his presentation. He said the UN climate conference for the United Nations Conference on Climate Change in Copenhagen. He warned that the UN's Rio+20 Earth Summit on Sustainable Development in Rio de Janeiro, Brazil, in June 2012, the world government advocates were pushing even grander schemes. Lord Christon, who heads the policy unit of the U.K. Independent Party and is chief policy advisor to the Washington, D.C.-based Science and Public Policy Institute, told The New American's Alex Newman, "They were still effectively talking about a mechanism for setting up a global government so that they could shut down the West, shut down democracy, and bring freedom to an end worldwide."

Is that merely the ranting of a madman? That's what the usual suspects at
