

• Consider the following questions:

- What actions would you take if you possessed the definitive cure for the most lethal illness in the history of humanity?
- Would you choose to keep this knowledge to yourself, or would you share it with the world?
- Furthermore, would you continue to disseminate this cure if it meant that you and your family would face attacks by being ridiculed, viciously persecuted and suffer physically, mentally and financially?

What if you possessed the capability to restore health to individuals suffering from 95% of the world's illnesses? What would you do?

YES, FINDING A CURE FOR

REMEMBER THAT NOT FINDING IT IS

The World!

We have been involved in one of the most comprehensive, worldwide, cross cultural, broad spectrum, voluntary, human health studies of this world for the past 19 years, and with Jim Humble’s over 25 years!

When Jim arrived in January of 2010, we decided to establish a mission to reach all the world and the Genesis II Church of Health and Healing was born!

Notice what it says please. Let me NOT change the meaning but write each point it in another **literal way** to be easier to understand.

- **Point One:** NO law can be created by Congress having to do with the founding or any religion **PERIOD!**
-
- **Point Two:** Congress cannot create a law prohibiting the practices and beliefs of ANY religion **PERIOD!**
- **Point Three:** Congress cannot make a law limiting any speech by ANY religion **PERIOD!**
- **Note:** We are still talking in context about the religion, now we go on to the press publicly being able to say whatever they so choose!

Congress shall make no law respecting an establishment of religion, or prohibiting the free exercise thereof; or abridging the freedom of speech, or of the press; or the right of the people peaceably to assemble, and to petition the government for a redress of grievances.

The “Articles of Association” of The Genesis II Church of Health and Healing was recorded in April of 2010 at Santa Cruz de Barahona in the Dominican Republic at the local records office

“Know ye not that ye are the temple of God, and that the Spirit of God dwelleth in you? If any man defile the temple of God, him shall God destroy; for the temple of God is holy, which temple ye are.”, I Corinthians 3:16 &17

Absolutely Everyone!!!!

Note: The Only requirement is the 7 tenets or beliefs of our Church

Christian, Muslim, Jew, Buddhist, Hindu, Catholic etc.

Absolutely ANY AND EVERY RELIGION IN THE WORLD!

Religious, Non-Religious, Spiritual, Non-Spiritual

Absolutely Anyone and Everyone!

Creationist, Atheist, Evolutionist, Realist, Humanist, Deist, etc.

Absolutely Every Philosophy!

Red, Yellow, Black, White. Etc.

Absolutely any and every color of persons are welcome!

We of the Church believe in...

*Doing good deeds
Doing what is right
Good health for all mankind
Freedom for all mankind
Enlightening others with truth
Helping one another
Maintaining integrity in all things*

Personal Responsibility

It is not the government's responsibility

It's not the doctor's responsibility

It's not your family's responsibility

It's definitely not the pharmaceutical's responsibility

It's YOUR RESPONSIBILITY!!!

Practice self-care not health-care

Take control of YOUR health!

The beginning of an amazing journey!

**In Year 2010, we established the
Genesis II Church of Health and
Healing**

I used to think that the Lord brought Jim Humble to us to teach us how to rid the whole of diseases but as you will see and understand, I now believe that the Lord brought us to Jim to reach the world through the Genesis II Church of Health and Healing!

As of December 2019, the Genesis II Church of Health and Healing has grown in the following areas:

- **Church Membership – 3,702**
- **Health Ministers - 2008**
- **Church Chapters- 204**
 - **Bishops – 150**
 - **145+ Counties!**

I'm going to give you a lot of anecdotal evidence today that I believe is verifiable and scientific!

Anecdotal evidence is evidence based on personal experiences or observations, collected in a non-systematic manner. It can be true or false, but is not subjected to scholarly, scientific, or legal rigor, and may be misleading or fallacious.

The meaning of **ANECDOTAL EVIDENCE** is evidence in the form of stories that people tell about what has happened to them.

The pharmaceutical industry likes to depict itself as a research-based industry, as the source of innovative drugs. Nothing could be further from the truth. This is their incredible PR and their nerve.

BOOK REVIEW

A review from Dr. Leonard Horowitz

World Without Disease by Mark Grenon is Imaginable and Prophetic.

April 15, 2019

“Imagine a World Without Disease. Is it Possible? is an outstanding compilation of enlightening facts that Divine justice calls into question at these urgent ‘End Times.’ Civilization is now threatened with extinction by corporate fascists, government officials, and their minions of so-called science experts in ‘healthcare’ and biological warfare. Their damage demonstrates their criminal psychopathology, demonic possession, and ungodly impositions. These Deep State stewards of profitable depopulation, geopolitical and economic chaos, and human misery have a karmic destiny that is inescapable. Mark S. Grenon puts a nail in their coffin with this life-saving labor of love. I especially recommend his book for people awakening from their hypno-tronic trance states into the real world of physical salvation and spiritual restoration.”

Review by Dr. Leonard Horowitz

See our interview with Dr. Leonard Horwitz here: <https://www.brighteon.com/6048851681001>

From Dr. Stephanie Seneff, MIT Scientist! Thank you for the book. It looks really interesting, and your views on health and disease are in very good alignment with my own views. A wealth of useful materials on how to stay healthy in the modern toxic world. You have targeted many of the same things I am concerned about - glyphosate, vaccines, EMFs, fluoride,

I am taking a break from podcasts at this time. I want to wait until my book comes out, because I think then I will be in a stronger place to defend the idea that glyphosate is the primary cause of the alarming rise in many diseases, including autism. In my book, I have a section that defends chlorine dioxide, and I have references to back it up. I'm hoping that will help dispel the myth that chlorine dioxide is way too toxic to be used medicinally. **Stephanie**

The wound was debrided and closed with sutures and staples. Chlorhexidine irrigation, bandaging and laser therapy was instituted. The wound became infected and odorous. On Day 6 **Ciderm[®] SP** was substituted for the topical antiseptic irrigation and bandaging was continued. The wound immediately improved, odor decreased and skin sloughing halted. Granulation tissue began to appear at Day 12. Sutures and staples were removed at Day 15. (See photo Day 16). The lesion healing continued to improve with granulation and signs of re-epithelialization evident. (Day32) and (Day 49)

4-point plan to practice Self-Care

1. Detoxing the body with the #1 killer of pathogens in the world - **Chlorine Dioxide!** A pathogen or infectious agent is a biological agent that causes disease or illness to its host. The term is most often used for agents that disrupt the normal physiology of a multicellular animal or plant. Many toxins can be synthetic and artificial and not found in nature. **If these toxins are allowed to enter the human body without being neutralized or destroyed, they WILL disrupt the normal physiology of the body resulting in the whole being becoming dis-eased!**

2. Stopping toxins from entering the body. Toxic NON-Foods and medications, the REAL drugs need to be stopped from entering the body through by the mouth, skin or air.

3. Recovering the body's "built-in" immune system, as well as providing ALL the systems of the body with essential nutrients, to reach "homeostasis" or complete balance. The body is the ultimate healer and if we support that complex marvelously created structure with what it needs to its job of maintaining health, it will eradicate the "dis-ease" state. **EAT REAL FOOD!**

4. Remove toxic relationships that cause stress which weakens the immune system and, in turn, the whole body. Personal relationships, family pressures, stress at work can all be toxic to the Body, Mind and Spirit which, in turn, cause the body to be in a **DIS-EASED STATE**. This toxic environment can cause the beginnings of the dis-ease of the body!

On July 8th 2020, the FDA and the DOJ raid the G2Church U.S. Headquarters in Bradenton, Florida and Bishops Jonathan and Jordan are kidnapped! Everything stops for us in the U.S. but the Truth continues worldwide!
